

INTERNATIONAL INSTITUTE OF
TECHNOLOGY, DESIGN AND
MANAGEMENT VISAKHAPATNAM
AICTE APPROVED

2026–2028 POST GRADUATE DIPLOMA IN MANAGEMENT Financial Services (PGDM–FS)

“The two-year PGDM programme in collaboration with the Microinsurance Innovation Hub (MIIH) designed to equip students with the knowledge and leadership capabilities to succeed in the dynamic financial services industry.”

About IITDM Vizag

International Institute of Technology, Design and Management, Visakhapatnam (IITDM Vizag), is an AICTE-approved autonomous business school and a Business Education Alliance Member of AACSB, as well as a member of AMBA-BGA. The Institute is committed to excellence in education, research, and innovation across the fields of technology, design, and management.

Located on a sprawling 34-acre, Wi-Fi-enabled green campus in the vibrant city of Visakhapatnam, Andhra Pradesh, the Institute offers a sustainable and enriching learning environment.

IITDM Vizag delivers a comprehensive and dynamic education for aspiring business leaders through its cutting-edge Post Graduate Diploma in Management (PGDM) programmes. These two-year programmes, with specialisations in Business Analytics with AI, Aviation & Logistics, Maritime & Logistics, and Financial Services (with a major in Financial Inclusion), seamlessly blend theoretical knowledge with practical applications to prepare students for today's fast-paced global business environment.

Programmes Offered by IITDM Vizag

About the Programme

PGDM in Financial Services at IITDM Vizag, offered in collaboration with the Microinsurance Innovation Hub (MIIH), is a forward-looking, industry-driven programme designed to develop skilled professionals for leadership roles in the evolving financial services sector. With financial markets becoming increasingly complex and technology-driven, the programme addresses the growing demand for professionals capable of navigating banking, insurance, fintech, investment management, and capital markets.

The programme features specialised courses that blend strong conceptual foundations with industry-ready skills. Key courses include Principles of Microfinance, Microinsurance Product Development, Analytics for Investment Banking, and Financial Literacy & Education. These courses prepare students for impactful and responsible careers in finance.

Through collaboration with MIIH, students benefit from assured internships, industry exposure, and placement support in microinsurance and inclusive finance, equipping them with capabilities in sustainable financial services and risk management for underserved markets.

Curriculum

The detailed curriculum will be announced shortly and will be aligned with industry requirements and regulatory frameworks.

Who Should Apply

This programme is ideally suited for individuals aspiring to develop into responsible leaders capable of creating meaningful impact in today's dynamic business environment.

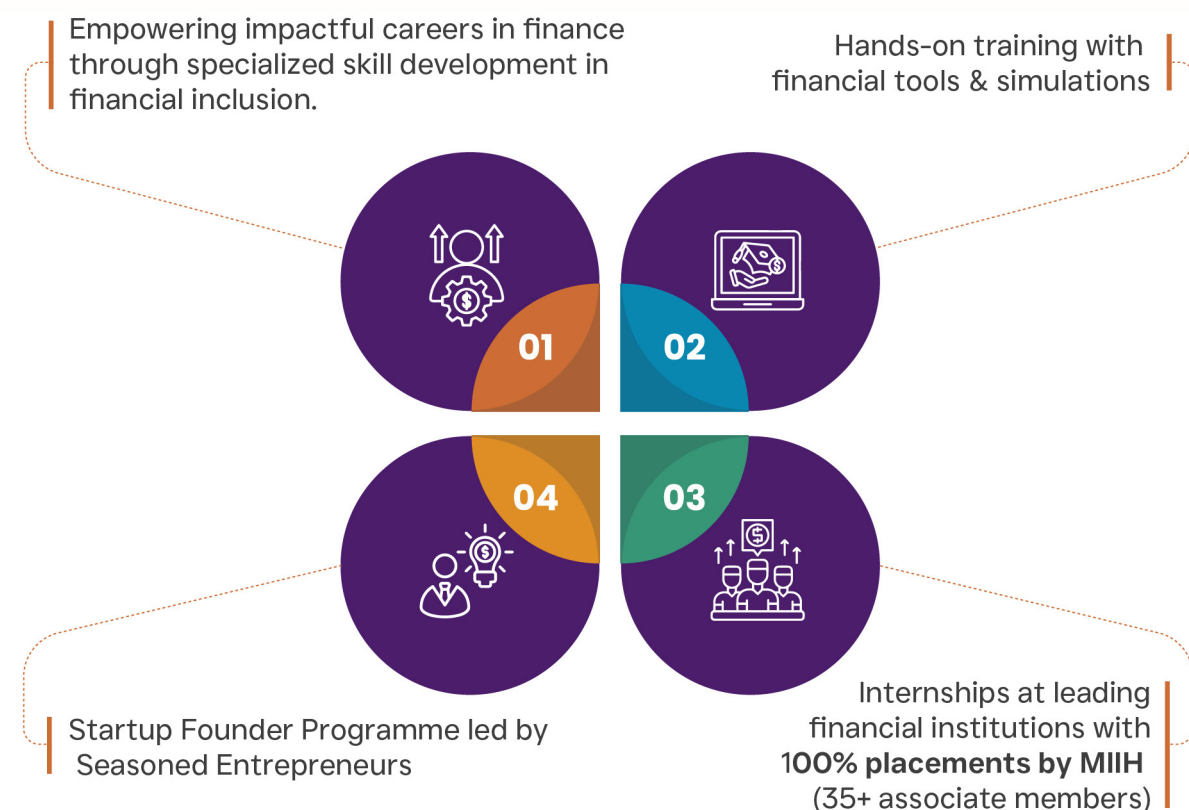

- ▶ Demonstrated academic, professional, or extracurricular excellence
- ▶ Readiness to thrive in a rigorous and immersive learning environment
- ▶ Distinct perspectives and experiences that enrich peer learning and classroom discussions

Programme Overview

The PGDM in Financial Services at IITDM Vizag is a forward-looking, industry-integrated programme designed to build deep expertise in finance, with a strong specialisation in Financial Inclusion and Microinsurance.

With assured internships, strong industry exposure, and placement support through MIIH, students graduate with the skills required to design sustainable financial solutions for underserved markets.

Placements

IITDM Vizag provides comprehensive placement assistance through strong industry partnerships, assured internships, and structured career development support facilitated by MIIH.

100% Placement Focus | Strong Recruiter Tie-Ups | Career-Ready from Day One

We are built with a single, uncompromising objective: 100% placement assistance for every eligible student. Backed by pre-existing recruiter partnerships and active industry tie-ups, we work closely with organizations across banking, financial services, consulting, fintech, analytics, and emerging tech domains to deliver assured internship and final placement opportunities.

Our placement strategy goes beyond transactions—we cultivate long-term recruiter relationships, align academic learning with real-world roles, and prepare students to step into impactful, future-ready careers from day one.

A rigorously industry-aligned curriculum, combined with experiential learning, practitioner-led sessions, and intensive career training, ensures students are job-ready well before graduation. Aptitude training, communication mastery, resume building, mock interviews, and leadership development are embedded into the program—so graduates don't just compete in the job market, they lead it.
